- Quickly flip through and find any product
- Check out product details, photos and even videos

OUR *Mission*

Bestway is on a mission to bring the fun to every household in every country worldwide. We help our customers get more out of life and make lasting memories in all seasons through our dependable, affordable and innovative recreational products. We want everyone to “Live It Up” as our global tagline reflects.

OUR vision

Bestway® is dedicated to helping everyone Live It Up and enjoy vacay every day with its outdoor and indoor recreational products.

Our vision began with a simple beach ball and has transformed into more than 1,100 different products available in over 120 countries worldwide.

With over 30 years in the industry, Bestway has forged a global presence, developing an extensive product line and becoming forward thinkers about sustainable business practices.

GLOBAL factories

Bestway® is poised for sustainable, global growth. From wholly owning its 5 factories - 4 in mainland China and 1 (soon to be 2) in Vietnam - to actively reducing and reusing waste and focusing on production efficiency, Bestway's strategic focus on an end-to-end manufacturing and distribution process results in faster delivery, superior product quality and the highest levels of customer satisfaction.

With the addition of its state-of-the-art, 233,000 square meters manufacturing facility in Vietnam, Bestway is primed for exponential growth while providing tariff savings and manufacturing redundancy while enhancing global shipping and supply chain support for many years to come.

OUR COMMITMENT TO A *better future*

As a leader in innovations, Bestway is striving to **B the Change** in the industry. We manufacture our products in 1.8 million square meters of factory buildings, each covered in solar panels to equal about 40 soccer fields.

As an annual recipient of the “Top Performing Supplier on Climate Action” award, we continue to drive sustainable practices forward through three main categories: **renewable resources, waste and packaging**.

Ongoing Energy Reduction Projects to Reduce Emissions

Reuse 38 Categories of Materials

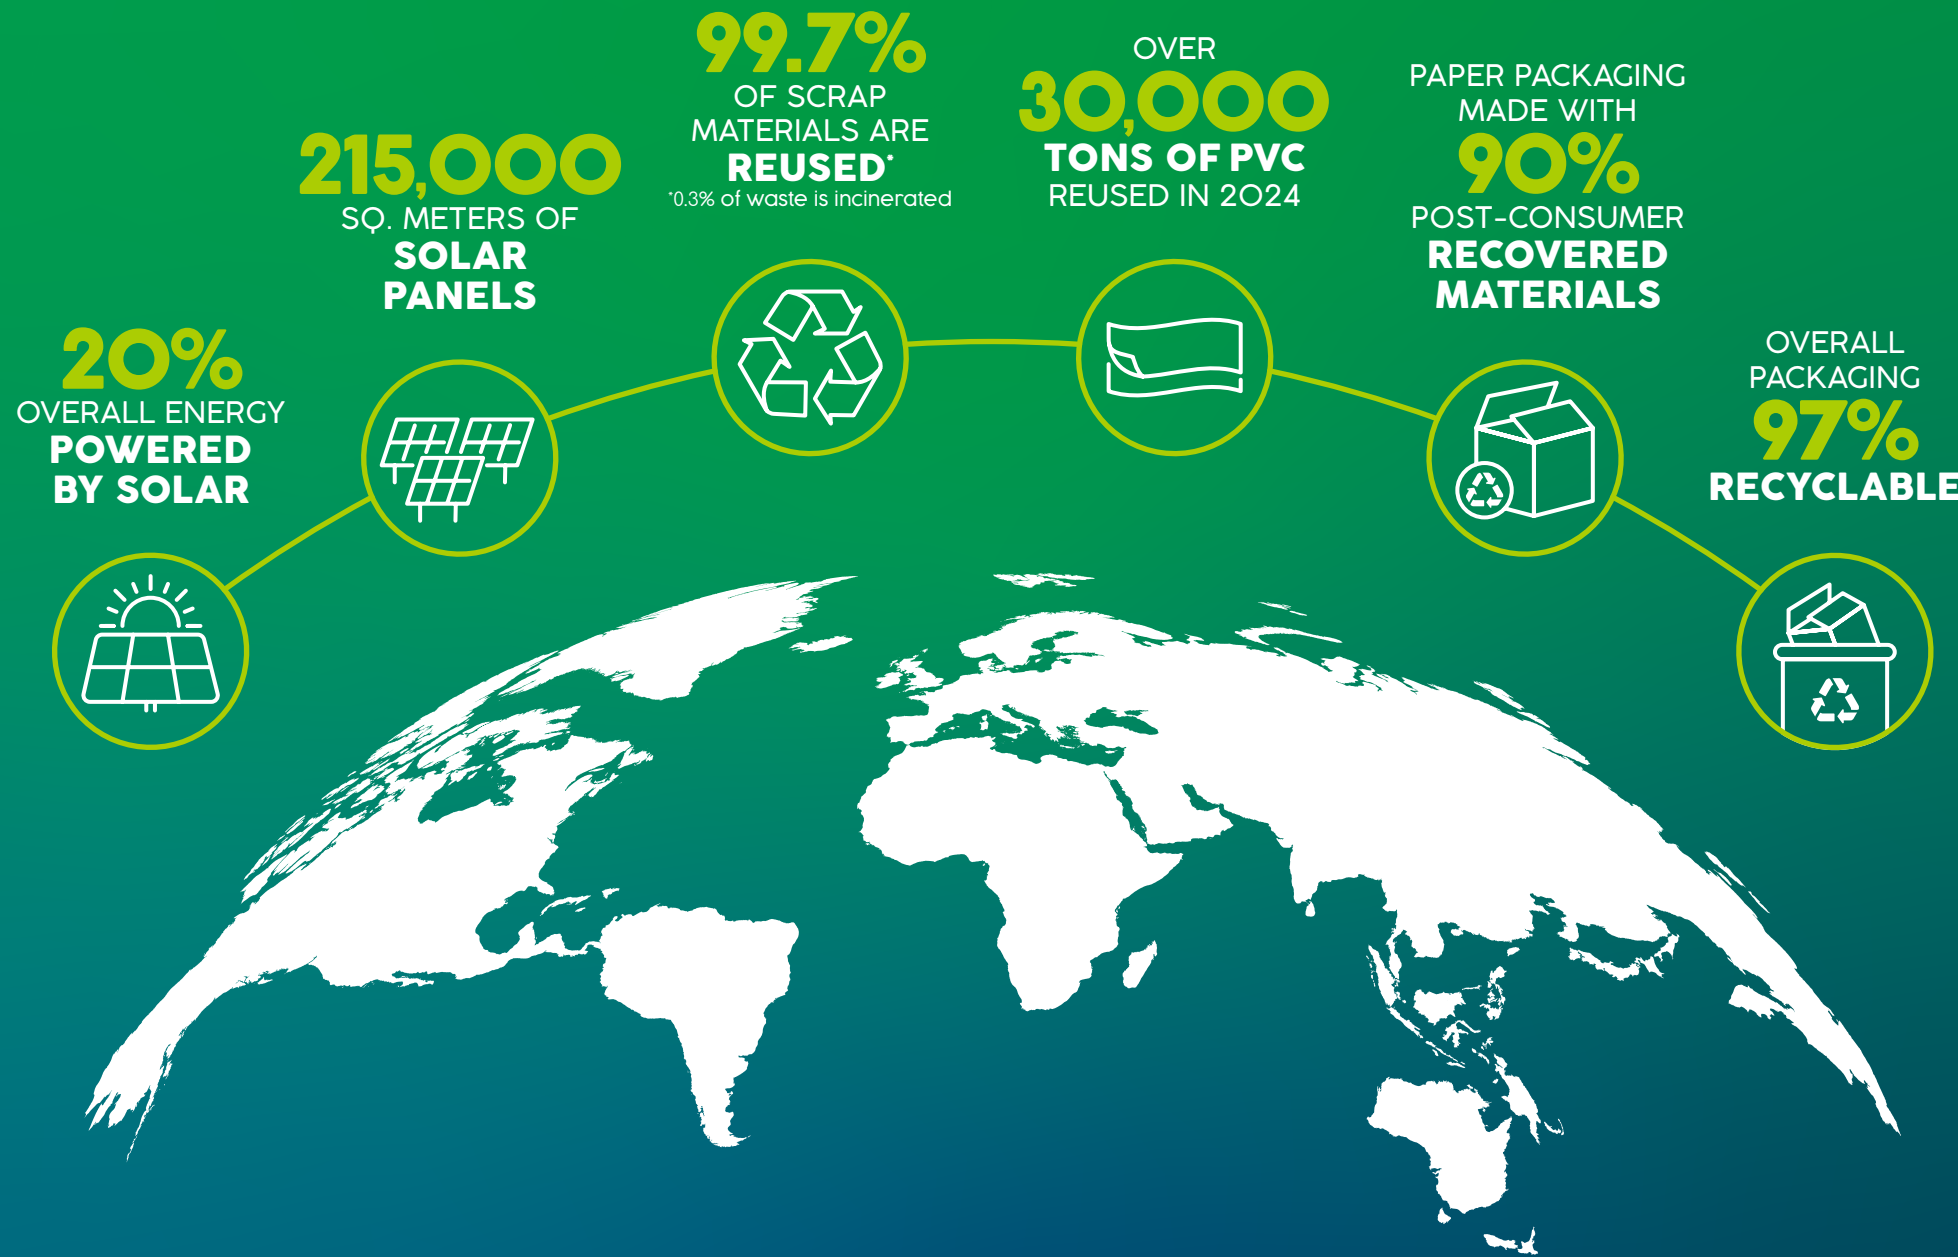

Reuse Water in Multiple Facilities

WELCOME

Over a decade of advanced engineering innovations have built a name that people all around the world have grown to trust.

Lay-Z-Spa® offers an affordable hot tub experience that's convenient to use, easy to set up and provides total relaxation.

Backed by the Bestway® customer service team, consumers can enjoy peace of mind while relaxing in their new hot tub.

With different massage technologies, Lay-Z-Spa offers the ultimate way to rest and recharge.

PRODUCT TECHNOLOGY

THE ORIGINAL PREMIUM PORTABLE SPA™

As a leading manufacturer of the inflatable, portable hot tub, Lay-Z-Spa® has become an industry staple that consumers know and trust. From technological innovations to style, Lay-Z-Spa leads the market. High-functioning components and durability are the main priorities of the hot tub line, providing consumers with products they can depend on.

FREEZE SHIELD® TECHNOLOGY

COMFORT IN THE COLD

Freeze Shield® successfully equips the hot tub for year-round, all-weather use. Designed with innovative winterizing technology and an improved material, these hot tubs automatically increase water circulation and heating when temperatures are low to prevent the inner parts from damage.

INCREASED ENERGY EFFICIENCY

HIGH HEAT RETENTION, LOW ELECTRICITY USE

The EnergySense® thermal covers and liners retain more heat than PVC material alone. This allows the hot tub to heat up faster and stay hotter longer, leading to as much as 40-60% higher energy-efficiency.

MASSAGE TECHNOLOGY

AIRJET™ SYSTEM

Soothe your body and relax your mind with the touch of a button! The AirJets work by releasing air into the water, surrounding you with a calming bubble massage.

HYDROJET™ SYSTEM

Enjoy a deeper massage with the HydroJet System! Along with the bubble massage, there are a few adjustable nozzles next to the pump that release a more targeted massage.

HYDROJET PRO™ SYSTEM

HydroJet Pro is the best of both worlds! Adjustable nozzles along the inside walls of the hot tub release soothing jetstreams of water, while jets along the bottom release a calming flow of air bubbles specifically targeting your feet and back.

PUMP TECHNOLOGY

Every Lay-Z-Spa hot tub set comes with a multi-function pump that inflates the hot tub, heats the water and runs the filtration system. Each hot tub is assembled using the pump, no additional tools required!

HIGH-TECH COMPONENTS AND DECREASED NOISE

EFFICIENT • DURABLE • RELIABLE

The internal pump components are designed to work efficiently, while reducing the noise level as much as possible during use. Engineered with a rotor and blade, our pumps are specifically designed to have a soft internal connection, reducing the noise.

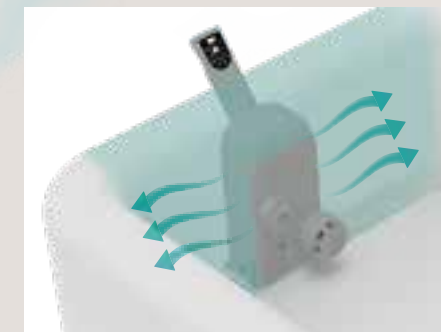

ADVANCED HEATING SYSTEM

By using advanced materials to create our heating mechanism, we ensure efficient temperature control. The internal structure is protected by six layers of insulation to prevent electrical damage.

ULTRAFIT™ PUMP SPACE-SAVING SOLUTION

Some of our AirJet™ hot tub sets feature the UltraFit pump – a multi-function pump that is built directly into the liner. With all of the same functions as our standard pump, the UltraFit version saves valuable backyard space, expedites the installation process, and looks sleek and modern.

PRODUCT SAFETY

Safety is our top priority when designing and producing our inflatable hot tubs. We are consistently upgrading our products to ensure that consumer safety is never compromised. Currently, Lay-Z-Spa is the only brand on the market that uses this exclusive GDS & GLEDS technology.

GDS

GROUND DETECTION SYSTEM

With safety as a priority, every hot tub is equipped with our advanced, market-leading Ground Detection System, which monitors the energy supply to ensure it is being used safely. If the system detects an issue, the pump alerts the user and does not allow further use until the power supply is correctly earthed.

GLEDS

GROUND LINE ELECTRIC DETECTION SYSTEM

Once the hot tub is plugged in, the system continuously monitors the ground of the electrical system in the house and will advise the user with the E18 code if there is other electricity detected.

MATERIAL TECHNOLOGY

PVC CONSTRUCTION

ESSENTIAL STRENGTH AND COMFORT

The internal construction of these hot tubs is designed to offer superior structural stability while still maintaining a comfortable surface.

MAXHOLD™ CONSTRUCTION

PREMIUM AIR RETENTION

MaxHold™ fabric internal beams prevent stretching and air loss, ensuring the hot tub consistently maintains its shape even with repeated inflation and deflation.

THERMACORE™ CONSTRUCTION

EXCEPTIONAL STABILITY

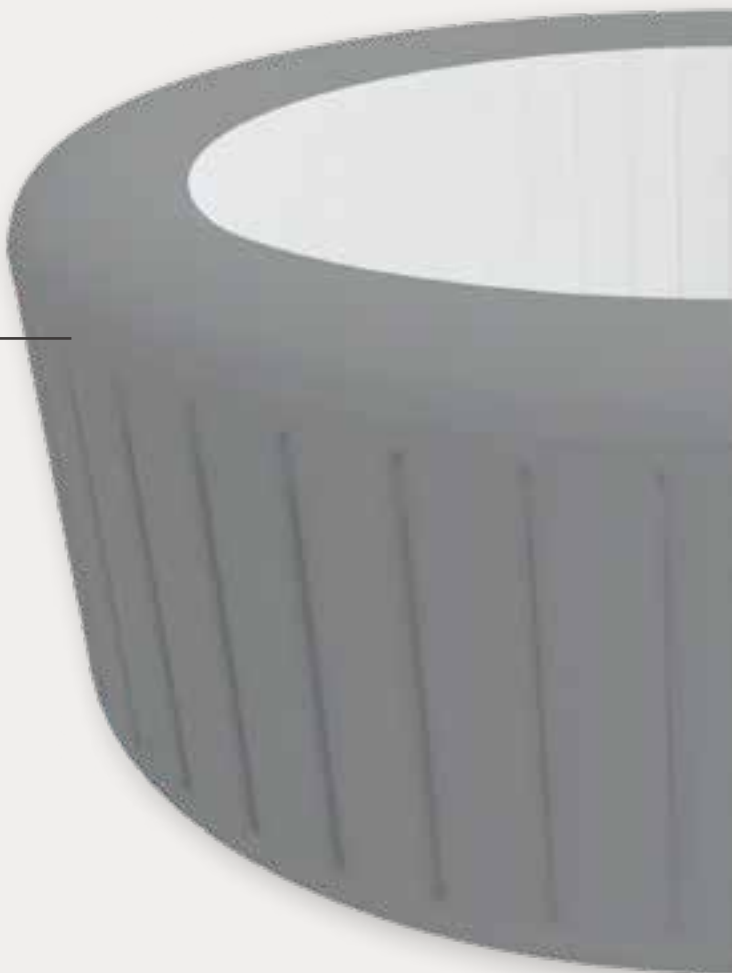

ThermaCore™ foam construction creates a rigid, firm structure that is exceptionally sturdy and stable. Plus, with built-in foam insulation, it is up to 60% more energy-efficient than its inflatable counterparts.

TRITECH® MATERIAL

3-LAYER STRENGTH

This exclusive formula of mesh encased in PVC offers three layers of puncture, abrasion and stretch resistance to protect the hot tub.

SMARTPHONE APP CONTROL

 DELIVERING CONVENIENCE AND COMFORT

With the Bestway SmartSpa™ app, control is right in the palm of your hand. This innovation makes the Lay-Z-Spa one of the most convenient in the market. Compatible with smart devices, the app lets you control the hot tub's temperature, run the filtration system, and control the massage system with just the touch of a button! Plus, you can even set a timer for the temperature and filtration systems.

 **HEAT CONTROL**
Create, save and edit multiple timers to apply the perfect temperature anytime throughout the week

 **SET TIMER**
Set the Power Saving Timer to only run the system during the selected times

 **FILTRATION**
Allows for multiple timers to be created for water filter activation

ACCESSORIES TO COMPLEMENT YOUR HOT TUB

Take the dirty work out of hot tub maintenance with the wide variety of accessory options that Bestway® offers.

1. RECHARGEABLE UNDERWATER VACUUM

60327

- Rechargeable battery-powered pump creates suction, without the use of hoses or electrical cords
- Consistent performance for 50 minutes
- Charge time: 4-5 hours
- Simple press-button operation
- Ideal for hot tubs and small pools
- Pivoting suction head with wheels and brushes
- Debris is collected in an easy-to-access and easy-to-empty stainless steel filter
- Full color box
- 4 Ea., 5.22 kg (11.51 lbs)

CONTENTS

- 1 vacuum cleaner
- 1 USB charging cable

2. ALL IN ONE TOOL SET

60310

- Full color box
- 8 Ea., 7.30 kg (16.09 lbs)

1. SCOOP

- Bumper protects hot tub surface
- Rounded shape design fits the contours of the hot tub interior
- Deep net to collect debris
- Handheld or connects to standard telescopic pole

2. SCRUBBING MITT

- Scrub along hot tub water line
- Latex glove bonded with scrubber pad

3. BRUSH

- Bumper and nylon bristles protect hot tub's surface
- Handheld or connects to standard telescopic pole

CONTENTS

- 1 scoop
- 1 brush
- 1 scrubbing mitt

3. POOL & SPA TEST STRIPS

58142

- 4 cm x 9.50 cm / 1.50" x 3.75"
- 3-in-1 test strips use an instant color-match system to measure free chlorine (0-10 ppm), pH (6.2-8.4) & total alkalinity (0-240 ppm)
- 18-month shelf life
- Full color box
- 24 Ea., 1.37 kg (3.02 lbs)

CONTENTS

- 50 test strips

4. POOL & SPA SALTWATER TEST STRIPS

58767

- 3.55 cm x 3.30 cm x 10.10 cm / 1.4" x 1.3" x 4"
- Uses an instant color-match system to measure salt levels (0-8,000 ppm)
- 18-month shelf life
- Full color box
- 24 Ea., 1.27 kg (2.80 lbs)

CONTENTS

- 25 test strips

5. FILTER CARTRIDGE (VI)

60311

- 10.6 cm x 8.0 cm / 4.2" x 3.1"
- Easy to clean
- Shrink wrapped with insert card
- 12 Sets., 2.79 kg (6.15 lbs)

CONTENTS

- 2 filter cartridges

NEW GEN

6. HYDROGENIC™ 0.5 G/H SALTWATER CHLORINATOR

60340

- Chlorine Output: 0.5 g/h
- Compatible with pools and hot tubs up to 1,400 L (369 gal.) in capacity
- Built-in rechargeable battery runs for approximately 8 hours & recharges in 5-6 hours
- Uses salt to produce chlorine that keeps the water clean while being gentle on skin, eyes and hair
- Easy-to-use, one-touch control panel
- Timer runs 1-8 hours, in increments of 1 hour; chlorinator will run every 24 hours for the set amount of time
- Floating design; no assembly needed
- Electrode lifespan alert notifies you when the electrode needs attention
- Includes 3-in-1 test strips and saltwater test strips that use an instant color-match system to measure free chlorine (0-10 ppm), pH (6.2-8.4), total alkalinity (0-240 ppm) & salt (0-8,000 ppm)
- Full color box
- 1 Ea., 1.43 kg (3.15 lbs)

CONTENTS

- 1 chlorinator
- 50 3-in-1 test strips
- 25 saltwater test strips

7. HOT TUB SEAT

60321

- 40.8 cm x 31.5 cm x 20 cm / 16.06" x 12.40" x 7.87"
- Firm, sturdy hot tub seat is comfortable for hours of relaxation
- Seat legs can be adjusted to a custom height - from 8-12 cm (3.15"-4.72")
- Weighted seats will remain at the bottom of the hot tub
- Full color box
- 2 Ea., 5.50 kg (12.13 lbs)

CONTENTS

- 1 seat

8. FLOOR PROTECTOR

60334

- 1.96 m x 1.96 m / 77" x 77"
- Compatible with all hot tubs, multiple sets may be needed for hot tubs larger than 1.96 m x 1.96 m (77" x 77")
- Durable polyethylene material that provides protection under the hot tub
- Includes additional 46.4 cm x 36.3 cm (18.3" x 14.3") mat for under the hot tub heater
- Attachable pieces for straight edges
- Shrink wrapped with insert card
- 4 Ea., 10.01 kg (22.07 lbs)

CONTENTS

- 17 connectable protector pieces

9. PADDED PILLOW

60316

- 23 cm x 13 cm x 5 cm / 9" x 5" x 2"
- Soft pillow provides head and neck support
- Adjustable strap drapes over the side of the hot tub, using the balance weight to keep it in place
- Compatible with all Lay-Z-Spas
- Comfortable sponge pillow is covered with washable mesh fabric
- Full color box
- 12 Sets., 4.16 kg (9.17 lbs)

CONTENTS

- 2 pillows

10. PILLOW

60307

- 25 cm x 19.5 cm x 17.5 cm / 9.8" x 7.7" x 6.9"
- Soft pillow provides head and neck support
- Organic PU foam is 100% waterproof and resistant to chemicals and odors
- Compatible with all hot tubs with a wall thickness between 20-27 cm (7.9"-10.6")
- Easy to clean
- Full color box
- 4 Sets., 3.67 kg (8.09 lbs)

CONTENTS

- 2 pillows

11. 4-IN-1 ACCESSORY TRAY

60337

- 33 cm x 30 cm x 18 cm / 13" x 11.8" x 7.1"
- Multi-function tray with a table, splash-proof storage compartment, towel hangers and tablet holder
- Legs can be adjusted to a custom width depending on wall thickness - from 5-25 cm (2"-9.8")
- Compatible with all Lay-Z-Spas
- Full color box
- 2 Ea., 3.80 kg (8.38 lbs)

CONTENTS

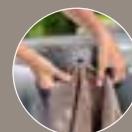

- 1 tray

Table

Storage Compartment

Towel Hangers

Tablet Holder

12. DRINK HOLDER

60306

- 35 cm x 23.2 cm x 20.5 cm / 13.8" x 9.1" x 8.1"
- Keep beverages or snacks close by while you relax
- Position anywhere on the top of hot tub sidewall
- Compatible with all hot tubs with a wall thickness between 20-27 cm (7.9"-10.6")
- Full color box
- 12 Ea., 8.95 kg (19.73 lbs)

CONTENTS

- 2 drink holders
- 1 tray

13. 7-COLOR LED LIGHT

60303

- 9.2 cm x 6.2 cm / 3.6" x 2.4"
- Uses 3 AAA batteries (not included)
- IP68 waterproof
- LED light alternates between 7 colors

- 2 hours of run time with auto-shutoff feature
- One-touch operation: simply press top button
- Full color box
- 6 Ea., 0.98 kg (2.16 lbs)

CONTENTS

- 1 LED light

14. SOOTHING LED WATERFALL

60322

- 46 cm x 17 cm x 10.4 cm / 18.11" x 6.69" x 4.09"
- Compatible with Bestway AirJet™ hot tubs
- LED light alternates between 7 colors
- IP66 waterproof rating - protects from powerful streams of water & dust
- 2 hours of run time with auto-shutoff feature
- Magnetic attachment system for easy setup
- One-touch operation: simply press bottom button
- Uses 3 AAA batteries (not included)
- Full color box
- 4 Ea., 4.01 kg (8.84 lbs)

CONTENTS

- 1 LED waterfall

15. CANOPY

60304

- 1.83 m x 94 cm x 1.09 m / 6' x 37" x 43"
- Fabric with UV protection
- Compatible with all Bestway hot tubs sized 1.80-2.70 m (71"-8'11")
- High density, ventilated mesh windows
- Two removable guy lines to provide stability
- Full color box
- 3 Ea., 4.09 kg (9.02 lbs)

CONTENTS

- 1 tent
- 3 poles
- 2 guy lines
- 1 storage bag

16. DOME

60305

- 3.90 m x 3.90 m x 2.55 m / 12'9" x 12'9" x 8'4"
- Fabric with UV protection
- Fits all Bestway hot tubs
- 4 large inside pockets to store personal items
- 4 detachable fabric and mesh doors, suitable for both winter and summer
- Suitable as a gazebo for use in the garden or backyard
- Can be used for pools up to 3.66 m (12') diameter
- Setup time: 15 min
- Full color box
- 2 Ea., 34.36 kg (75.75 lbs)

CONTENTS

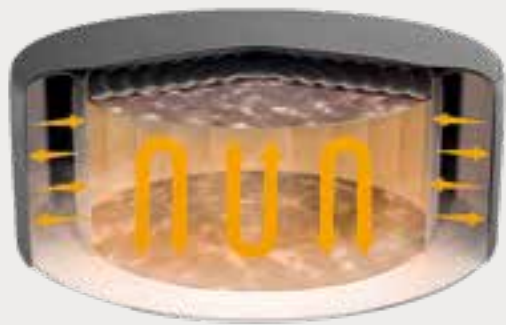

- 1 tent
- 4 detachable fabric doors
- 4 detachable mesh doors
- 1 carry bag

SETUP & MAINTENANCE

WITH THE KEY TOOLS ALREADY INCLUDED, LAY-Z-SPA SETUP IS QUICK & EASY!
AFTER FINDING A FLAT AREA FOR THE HOT TUB, IT'S AS EASY AS 1, 2, 3!

- 1. ASSEMBLE the hot tub, inflating and connecting the pump if necessary.
- 2. FILL the hot tub with water to the indicated level.
- 3. ENJOY the relaxing massage!

Also included with each hot tub is a chemical dispenser and filter cartridge to keep the water sparkling. Maintaining clean and healthy hot tub water is important for the user's experience, and also extends the longevity of the hot tub.
For quick and easy transportation and storage, each hot tub is equipped with a deflation function.

BESTWAY Timeline
